EXPERIENCE

Front-End Developer — Jul 2023 - Present
Probeplus Innovative Solutions — *Bangalore, India*

- Currently overseeing the development of an ERP system using Angular, ensuring deadlines are met and client requirements are satisfied.
- Contributed to a healthcare based web application that uses a leading wearable biosensor for real-time patient monitoring via WebSocket, now in use in the US and India.
- Developed a restaurant management system using React.js within a short timeframe, now operating in the international market.
- Created several proof-of-concepts (POCs), leading to multiple business opportunities for the organization.

Freelance Front-End Developer — Nov 2022 - Jan 2023
Elite Care And Support Limited — *Remote(UK)*

- Developed a custom React.js application for managing outsourced employee data.
- Automated internal processes, resulting in a 2x increase in productivity and enhanced report stability and reliability.

Junior Campaign Assistant — Sep 2019 - Sep 2020
Wipro Limited — *Chennai, India*

- Designed responsive email marketing templates using HTML and CSS for optimal display across various email clients.
- Created reusable templates, streamlining the design process and ensuring visual consistency.
- Contributed to high email deployment rates through efficient template creation.
